COVENANT FOR CAPITAL & MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments The Declarant, for each Lot owned within the Properties, hereby covenants, and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and

8111090329

collected as hereinafter provided. The annual and special assessments, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due, regardless of whether such person continues to be an Owner.

Section 2. Purpose of Assessments The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in the Properties and for the improvements and maintenance of the Common Area.

Section 3. Maximum Annual Assessments Until January 1st of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment shall be \$24.00.

(a) From and after January 1st of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased each year not more than ten (10%) percent above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1st of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased above ten percent (10%) by a vote of two-thirds (2/3) of each class of members who are voting in person or by proxy, at a meeting called for this purpose.

(c) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements In addition to the annual assessments authorized above the Association may levy, in any assessment year after the calendar year 1985, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property

8111090329

related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5. Notice and Quorum for Any Action Authorized Under Sections 3 and 4 Written notice of any meeting called for the purpose of taking any action authorized under Section 3 or 4 shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 6. Uniform Rate of Assessment Both annual and special assessments must be fixed at a uniform rate for all Lots and may be collected on a monthly basis.

Section 7. Date of Commencement of Annual Assessments; Due Dates The annual assessments provided for herein shall commence as to all Lots on the first day of the month following the conveyance of the Common Area. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors of the Association shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments of a specified Lot have been paid. A properly executed certificate of the Association as to the status of

8111090329

assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 8. Subordination of the Lien to Mortgages The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to the foreclosure of the lien or a mortgage or deed of trust with respect thereto, or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments that became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof nor shall any such sale of transfer remove from the Owner (the mortgagor or grantor under the mortgage or deed of trust being foreclosed) the personal liability of said Owner pursuant to Section 1 above.

Section 9. Effect of Nonpayment of Assessments; Remedies of the Association Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of ten percent (10%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No Owner may escape liability for the assessments provided for herein by nonuse of the Common Area or abandonment of his Lot.

ARTICLE V

GENERAL PROTECTIVE COVENANTS

Section 1. Residential Character of the Property The term "residential lot" as used herein, means all of the Lots now or hereafter platted on the existing property. No structures or buildings of any kind shall be erected, altered, placed or permitted to remain on any residential lot other than one single-family dwelling for single-family occupancy only, not to exceed two stories in height, with a private garage or carport for not more than three (3) standard size passenger automobiles.

No Owner of any residential lot shall permit any vehicle owned by him or by any member of his family or by an acquaintance, and which is in an extreme state of disrepair, to be abandoned or to remain parked upon any street or lot within the existing property for a period in excess of forty-eight (48) hours.

Section 3. Residential Use of Temporary Structures Prohibited

No trailer, basement, tent, shack, garage, barn, or other out-building or any structure of a temporary character erected or placed on the property shall at any time be used as a residence temporarily or permanently.

Section 4. Storage of Campers, Boats & Trailers

Applications for such approval shall be made and consideration given in the manner specified in Section 5.

Section 5. Architectural Control

No building, fence or wall shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architec-

tural Control Committee as to quality of workmanship and materials, harmony of external design and color with the existing structures, and as to location with respect to topography and finish grade elevation. Approval shall be as follows:

Section 5 (a). Architectural Control Committee The Architectural Control Committee is composed of the declarant until the sale of 75% of the Lots to persons other than the declarant are closed, at which time three (3) homeowners will be selected by the Board of Directors to serve on the committee.

A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time, following the time the declarant is no longer the committee, the membership of the committee may be changed or the powers and duties of the committee enlarged or restricted by vote of a majority of each class of members who are voting in person or by proxy for a meeting called for that purpose.

Section 5 (b). Procedure The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee or its designated representative fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

In any event, no building, exclusive of porches, roofs, overhangs and steps, shall be located on any lot nearer than 20 feet to the front property line, nearer than 10 feet to any side street line, or nearer than 5 feet to any interior lot line. No dwelling shall be located on any lot nearer than 15 feet to the rear lot line. For the purpose of this covenant, eaves, steps, and open porches shall not be considered as part of the building provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot.

Section 7. Lot Area and Width No dwelling shall be erected or placed on any lot having a width of less than 60 feet at the building setback line, nor shall any dwelling be erected or placed on any lot having an area of less than 6,400 square feet.

Additional utility easements are reserved as shown on the recorded plat and others as required will also be regarded as necessary easements required by governmental subdivisions.

Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of

utilities, of which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels or pipes in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility is responsible.

Section 9. Nuisances No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

Section 10. Garbage and Refuse Disposal No lot or tract shall be used as a dump for trash or rubbish of any kind. All garbage and other waste shall be kept in appropriate sanitary containers for proper disposal. Yard rakings, such as rocks, lawn and shrubbery clippings, and dirt and other material resulting from landscaping work shall not be dumped into public streets or ditches. The removal and disposal of all such materials shall be the sole responsibility of the individual lot owner. All incinerators or other equipment for the storage or disposal of trash, garbage or other work shall be kept in a clean and sanitary condition.

Section 11. Fences No fence, wall or hedge shall be erected, placed or altered on any lot nearer to any street than the building setback line, except that nothing shall prevent the erection of a necessary retaining wall, the top of which does not extend more than two (2) feet above the finished grade at the back of said wall.

Section 12. Animals No animal, livestock, or poultry of any kind shall be raised, bred, or kept on any lot, except that cats, dogs, birds or other household pets may be kept if they are

8111090323

not kept, bred, or maintained for any commercial purpose, and that they shall not be kept in numbers or under conditions reasonably objectionable in a residential community.

Section 13. Outside Antennas No outside television or radio antenna of any kind shall be placed on any lot or upon any structure without written consent of the Architectural Control Committee.

Section 14. Signs No signs shall be erected or maintained on any residential lot in the tract, except that no more than one approved FOR SALE or FOR RENT sign placed by the owner or builder or by a licensed real estate broker, not exceeding eighteen (18) inches high and twenty-four (24) inches long, may be displayed on any lot. While houses in the development are being sold for the first time the Declarant and/or his agent may erect signs throughout the development directing prospective purchasers to new homes for sale.

Section 15. Date for Completion of Construction Any dwelling or structure erected or placed on any residential lot shall be completed as to external appearance, including finished painting, within eight (8) months from date of commencement of construction. Any dwelling shall be connected to the public sewer system.

Section 16. Mortgage Protected Nothing herein contained shall impair or defeat the lien of any mortgage or deed of trust or hereafter recorded covering any lot or lots, but title to any property obtained as a result of foreclosure shall thereafter be held subject to all of the provisions herein.

Section 17. Greenbelt Easements A Greenbelt Easement, Natural Buffer Zone, Screening Easement, Sloped Protection Easement, or other protecting zones are reserved as shown on the Plat Map, Sunrise No. I. Within these specified areas, no structure, clearing grading or vehicular access or material shall be placed or permitted to remain or other activities undertaken which may damage or interfere with established slope ratios, create erosion or sliding problems, or which may change the direction of flow of drainage channels or obstruct or retard the flow of water through drainage channels, except access shall be permitted for the purpose of installation and maintenance of screening, utilities and

8111090329

drainage facilities. The responsibility for maintenance of these zones shall be that of each owner whose lot abuts such zones, and all improvements therein (except those improvements in place for which a public authority or utility is responsible) shall be continuously maintained by such owner or owners.

ARTICLE VI

GENERAL PROVISIONS

Section 1. Enforcement Any owner shall have the right to enforce, by any proceeding at law or in equity, all restrictions, covenants, reservations, liens and charges now or hereinafter imposed by the provisions of this Declaration. Failure by any owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. Severability Invalidation of any one of these covenants or restrictions by judgement or court order shall in no wise affect any other provisions which shall remain in full force and effect.

Section 3. Amendment The covenants and restrictions of this Declaration shall run with and bind the land, for a term of twenty (20) years from the date this Declaration is recorded after which time they shall be automatically extended for successive periods of ten (10) years. This Declaration may be amended during the first twenty (20) year period by an instrument signed by not less than ninety (90) percent of the lot owners, and thereafter by an instrument signed by not less than seventy-five (75) percent of the lot owners. Any amendments shall take effect when they have been recorded with the Auditor of King County.

No such subsequent meeting shall be held more than fifty (50) days following the preceding meeting. In the event two-thirds (2/3) of the members are not present in person or by proxy, members not present may give their written consent to the action taken thereat. During the developmental period, annexation of additional properties under this Section 1 shall also require the prior written approval of the Declarant.

(b) If within fifteen (15) years of the date of recording of this Declaration, the Declarant or its successor or assigns should develop additional lands within the area described in Exhibit "A" attached hereto, such additional lands may be annexed to the existing property without the assent of the members of the Association: Provided, however, that the development of additional lands described in this section shall be in accordance with the general plan submitted to the Federal Housing Administration with the processing papers for this Sunrise Development. Detailed plans for the development of additional lands must be submitted to the Federal Housing Administration (or such other similar Federal Agency then having jurisdiction of such developments) prior to such development. If the Federal Housing Administration determines that such detailed plans are not in accordance with the general plan on file with it and so advised the Association and the Declarant, the development of the additional lands must have the assent of two-thirds (2/3) of the members of the Association who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting setting forth the purpose of the meeting. At this meeting the presence

of members or of proxies entitled to cast sixty (60) percent of all votes shall constitute a quorum, If the required quorum is not present in person or by proxy at any meeting, subsequent meetings may be called, subject to the notice requirement set forth above, and the required quorum at any such subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than fifty (50) days following the preceding meeting.

Section 5.
